

ENTREE is a project partly funded by the European Commission's Lifelong Learning Programme and is supported by an international team of experts from 5 European countries and Australia.

Project Background & Consortium

The project consortium unites researchers with different academic backgrounds from five European Countries (CZ, DE, IRL, MT, PT) and Australia. The Australian partners are already part of two projects focused on enhancing teacher resilience – Keeping Cool and BRiTE. ENTREE is focused on the implementation of professional development modules to enhance teacher Resilience. These modules are informed and underpinned by a broad theoretical conceptual framework paper developed by the consortium. Teacher resilience is hereby understood as a capacity for positive adaptation and ongoing professional commitment and growth in the face of challenging circumstances. It is shaped by individual, situational and broader contextual characteristics that interrelate in dynamic ways to provide risk or supportive factors. Participating teachers will complete a self assessment tool measuring resilience, the results of which will guide their personalised participation in the training modules.

Být učitelem není práce, ale poslání.

Teaching for me is: Fall seven times and rise eight!

Ser resiliente em tempos de adversidade é sinónimo de pensamento positivo e optimismo.

Fost l-akbar sfidi li naffaċċja hemm l-imġieba fil-klassi u n-nuqqas ta' ħin u rizorsi.

Being a teacher for me is about inspiring others.

Being a teacher...

La actualización de conocimientos asociada a la profesión del profesor me permite un crecimiento permanente.

Individuelle Förderung zu ermöglichen ist eine große Herausforderung.

Every teacher no matter how old, how young should seek help when you need it. Don't let it bottle you up.

Inis duinn fe na eachtraí a chuir sonas ort is rith na seachtaine seo caite? Ta cailín sa rang agus chriochnaigh sí lan-abairt a bhi measctha. I dtaobh sin, bhi is abalta cuimneamh for focla a d'fhoglaím sí o mi Mean Fomhair. I mo thuairim, ta an obair ag dul ar aghaidh go follain.

For whom...

Practicing & Pre-Service Teachers

- To find out about your strengths in teaching and what to improve;
- To join communities of support and network;
- To grow professionally and enhance your resilience;
- To promote your health and wellbeing.

School Leaders

- To obtain information about teachers resilience;
- To provide support to colleagues for their daily teaching challenges;
- To promote teacher effectiveness and wellbeing.

Policy Makers

- To inform about current teaching demands and the importance of teacher resilience;
- To inform about the relationship between teacher resilience and quality education.

What is ENTREE?

ENhancing Teacher REsilience in Europe (ENTREE) is an international EU funded project to develop a teacher education programme in resilience. ENTREE is informed by the trends both in Europe and internationally that recognize the need to safeguard and promote teachers' wellbeing. It aims to enable teachers to build their capacity for resilience in the face of the increasing demands of rapidly changing school environments.

What is Resilience?

In this context, resilience is understood to be the process by which teachers manage the challenges of their everyday teaching practice and provide quality education for all students.

What will ENTREE do?

ENTREE provides diverse learning opportunities to empower teachers to thrive despite the everyday challenges in their work. Through the use of a self-assessment tool, teachers may personalize their learning by engaging in online and face-to-face activities to build their capacity for resilience. The activities are underpinned by a collaborative and reflective approach that fosters the development of supportive teacher communities.

What is ENTREE's added value?

ENTREE enhances teacher competencies and informs school leaders how best to support teachers becoming resilient. The specific focus on teacher resilience enhances the quality of teacher professional development in Europe.
